

BETTER TOGETHER.

no. 26

Co-Living at No.26.

No longer do you have to settle for crowded flat shares, awkward housemate interviews or one-bedroom apartments that drain your finances.

Introducing Co-living.

Your chance to save some money, meet new people and still maintain the London-lifestyle with a touch of privacy thrown in.

No.26 is a community. We're collaborators, minglers and connectors. That's why Co-living here makes perfect sense.

- It's more cost effective to share an apartment than to live on your own.
- Forget scruffy, overcrowded house shares. Move into a brand new modern apartment filled with Conran furnishings and space to call your own.
- Keep your privacy and independence, with two bedrooms and two bathrooms.
- Meet new people, your way.

Find like-minded flatmates.

Finding the perfect flatmate is a fine art. Gone are the painful speed-dating flatmate events – join our co-living socials, where we'll pour the wine and let you mingle and chat with potential flatmates. You can also register your interest and join our private online meet-and-greet group to find people with similar interests and get to know them before you move in together.

No pressure.

We even have a 28 day cooling-off period. So, if you change your mind for any reason, you only need to give us one month's notice before you walk away.

Everything you need.

What's the difference between co-living and renting alone at No.26?
